

1. K-Love radio is a positive station that I enjoy hearing in my community. I appreciate having a clear signal when I listen to my favorite station.
 2. My local community would be harmed if K-Love were not on the air. Many of my friends & family enjoy K-Love - the community news, the encouraging messages, and the fresh, positive music. I would be devastated if it were displaced by an LPFM broadcaster.
 3. My community & the general public benefit from K-Love's positive music, current news, encouraging on-air voices, and important messages.
